krimimaha@outlook.com | https://www.linkedin.com/in/maha-krimi/

Dynamic and passionate student in information systems development, with solid skills in programming, web development, and database management. I demonstrate excellent problem-solving abilities and have a keen interest in innovative technological solutions. I am looking to leverage my academic knowledge and internship experience to make meaningful contributions in a professional environment, delivering reliable and high-performance software solutions across various platforms.

Work Experience

Team Projects   oct 2023 – mai 2024

 Iset Bizerte

- Developed a web and mobile Boycott Application for Israeli products with a microservices architecture using **Spring Boot**, **Angular, MySQL, MongoDB, Node.js**, and **Express.js**, and **Kotlin** for Android, featuring barcode scanning for efficient product tracking and boycotting.
- **Spring Boot & Vue.js** Application :Developed an app to connect students with psychiatrists, featuring account management, appointment scheduling, and an interactive chatbot.
-**PHP** Application: Developed with a partner, this application served as a psychiatrist's office.
-Developed a Patisserie Application using **Vue.js** to provide an online ordering system for a bakery.
